StartMail

Secure Your Business Email with StartMail.

Our company and mission

We believe that privacy is a fundamental right. StartMail was founded in 2013 by the founders of Startpage, the world's most private search engine. StartMail operates as a separate, independent company under Dutch law. Since then, we have been safeguarding emails with robust encryption and secure data storage. Our service has been chosen by hundreds of thousands of privacy-conscious people across the globe.

Why use a secure email service for your business?

Over 81% of organizations experienced more than one data breach in 2025, leading to significant reputational and financial losses. Rapid AI development further increases the risks of cyber-attacks. StartMail secure business account empowers you to:

- **Ensure confidentiality**. Secure your business communications with StartMail's advanced encryption and password protection.
- **Combat phishing and spam** with StartMail's sophisticated Bayesian filtering technology.
- **Full privacy**. Ad and tracking-free email experience and full control over your data. We will never collect, analyze, or monetize your info.

StartMail benefits:

Effortless Email Migration

Easily move your business contacts and email correspondence to and from StartMail with our migration tool. Our 24/7 customer support team is here to help if you need additional assistance!

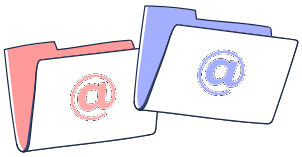

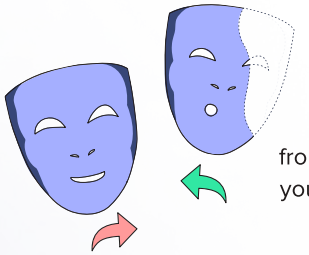

Unlimited Email Aliases

Create unlimited email aliases under your account to distinguish various departments. For example: support@example.com, or sales@example.com. Great for teams, freelancers, and solo entrepreneurs!

Unlimited Domains

StartMail's business account lets you add as many domains as you need! Perfect for differentiating subbrands or managing various online ventures (websites, blogs, etc.). Centralize your emails in one inbox or sort them into domain-specific folders for optimal organization.

Shared Email Aliases

This feature allows multiple team members to send and receive emails from the same alias address, enhancing your team's ability to communicate on a single alias address.
